RESOLUTION AUTHORIZING THE RETENTION OF CAMPANELLI AND ASSOCIATES TO DRAFT AN APPROPRIATE 5G NETWORK ORDINANCE AND TO AUTHORIZE THE FILING OF A MOTION TO VACATE THE FEDERAL COURT ORDER OF SEPTEMBER 8, 2022 AS IT RELATES TO THE COUNTY OF MONMOUTH

WHEREAS, the Board of County Commissioners passed resolution number 2023-0544 on July 13, 2023 related to the authorization of the retention of an attorney for the analysis of an application for 5G network monopoles siting; and

WHEREAS, on May 11, 2023, Verizon submitted a letter with nine (9) sets of construction drawings and have taken the position that this letter with attachments constitutes an "application"; and

WHEREAS, in the letter referenced above, Verizon has taken the position that there is a County "Agreement" dated December 12, 2016; and

WHEREAS, Verizon entered into a "Consent Judgment and Settlement Agreement" dated September 8, 2022; and

WHEREAS, on June 29, 2023, Verizon, through counsel, forwarded a letter taking the position that the time for approval of the "application" dated May 11, 2023 would expire in 90 days pursuant to the FCC's "shot clock" even though the letter does not constitute an "application"; and

WHEREAS, County Counsel wrote to the attorney representing Verizon outlining the reasons why the "shot clock" had not even begun to run due to the fact that no road opening had

been submitted; there is no agreement between Monmouth County and Verizon regarding the siting of new monopoles, and Monmouth County was not noticed, nor a signator, to the Consent Order filed September 8, 2022; and

WHEREAS, it has become apparent that Verizon, by entering into a "Consent Order" without including the County of Monmouth and thereafter attempting to send a letter and claiming the letter to be an "application", is endeavoring to circumvent the applicable law and force the County of Monmouth to agree to the siting of monopoles without proper consideration for the need for the monopoles nor for the safety of Monmouth County residents; and

WHEREAS, it is apparent that the County of Monmouth will require specialized counsel having experience with these unfortunate tactics; and

WHEREAS, the Federal Rules of Civil Procedure provide for an ability for a party to apply to vacate a previous Court Order within one year; and

WHEREAS, the County of Monmouth was not a party to the litigation, nor the Consent Order and Settlement Agreement entered into, even though a number of the over 100 sites contained in the Consent Order and Settlement Agreement are on property owned and/or controlled by the County of Monmouth; and

WHEREAS, there exists the need to move forward with the retention of counsel for purposes of drafting an Ordinance for this unique technological endeavor along with a need to retain separate counsel to move forward in the vacating of the previous Court's Order pursuant to Rule 60; and

WHEREAS, competent counsel exists on the existing approved counsel list to move forward on vacating the Consent Order referenced, but no competent counsel exists with reference to the particularized skill and experiential set needed for handling the 5G applications, other than Campanelli and Associates.

NOW, THEREFORE, BE IT RESOLVED that Monmouth County Counsel is hereby directed and approved to move forward with executing the retainer agreement supplied by Campanelli and Associates in the form attached hereto as Exhibit "A" for the purposes of drafting, noticing and securing an Ordinance with reference to the siting of this unique technology throughout the County in a form similar to the Ordinance from Sea Bright attached as Exhibit "B".

BE IT FURTHER RESOLVED that County Counsel is hereby directed and approved to move forward with the assignment of the vacating of the previous Consent Order referenced above pursuant to Rule 60 from the currently approved list of outside Special Counsel as it relates to the County of Monmouth as soon as possible.

BE IT FURTHER RESOLVED that the Clerk of the Board shall forward a certified true copy of this resolution to the County Administrator; County Counsel; Andrew J. Campanelli, Esquire, Campanelli and Associates, P.C., 1757 Merrick Avenue, Suite 204, Merrick, New York 11566 and to all Mayors and Administrators within the County of Monmouth.

RETAINER AGREEMENT

Campanelli & Associates, P.C. (hereinafter referred to as "the Firm"), is a New York-based law firm whose legal practice includes a concentration upon federal practice, and more specifically, the application of the Federal Telecommunications Act of 1996 (the TCA) and its constraints upon local governments nationwide, pertaining to the siting, installation, regulation, and maintenance of cell towers, small cells, DAS (Distributed Antenna) Systems and/or other wireless facilities.

SCOPE OF REPRESENTATION

THE UNDERSIGNED COUNTY OF MONMOUTH, NEW JERSEY (hereinafter referred to as the "Client"), by its authorized representative, hereby retains the Firm to provide: (a) Ordinance Review and Drafting Services, with an additional option to request that the Firm provide (b) litigation services, to represent the County in potential litigation involving Cellco Partnership d/b/a Verizon Wireless ("Verizon") in its efforts to install wireless communications towers within the County right(s)-of-way along Ocean Avenue in Belmar, New Jersey, in particular seven (7) cell towers proposed to be installed at or across from 205 Ocean Avenue through 1501 Ocean Avenue.

Drafting Services

With respect to Ordinance Review and Drafting Services, the Firm is being retained, as a consultant, to review and analyze the Monmouth County Administrative Code, the Monmouth County Master Plan, and such other applicable laws, rules, or regulations as they pertain to the placement, construction, modification, and timing requirements for personal wireless services facilities, and to draft provisions to adopt such new ordinance, replace and/or amend sections thereof, with a more current and comprehensive provision to regulate the installation of wireless facilities within the County.

The Firm shall employ reasonable efforts to draft a new zoning code provision in a manner which will, among other things:

- (a) seek to maximize the County's ability to exercise the powers which Congress preserved for state and local governments under Section 47 U.S.C.A. §332(c)(7)(A) of the Telecommunications Act of 1996 (hereinafter "the TCA"), to regulate the placement, construction, and modification of personal wireless service facilities; and

EXHIBIT A

- (b) encompass provisions to seek to ensure that the appropriate County Commissions, Boards, Departments, and/or Representatives will not violate the constraints of the Telecommunications Act of 1996, which are set forth within sections §332(c)(7)(B)(i)(I), §332(c)(7)(B)(i)(II), §332(c)(7)(B)(ii), §332(c)(7)(B)(iii) and §332(c)(7)(B)(iv) of the TCA, and which thereby potentially minimize the risks of federal litigation to challenge any decision of the relevant County Commission Board or Department pertaining to an application seeking permission to install a wireless facility;
- (c) vest any relevant County Commission, Board, or Department with essential fact-finding functions, and set evidentiary standards, which are critical for the County to make decisions wherein the County can actually assert control over the placement of wireless facilities within the powers vested in them under 47 U.S.C.A. §332(c)(7)(A) of the TCA; and
- (d) empower the County to protect its citizens against illegally excessive levels of radiation emanating from non-FCC compliant wireless facilities that are not registered with the FCC.

The Firm shall provide the Client with a draft provision based upon the Firm's analysis of the County's existing law, ordinance, rule, or regulation and the objectives set forth both therein and within the County's Strategic Plan.

The Firm does not, and will not, guarantee that if the County adopts and implements the ordinance or code provision drafted by the Firm, it will render any zoning decisions thereafter made by the County immune from legal challenge.

Potential legal challenges may always be raised to challenge zoning decisions of any type, whether they involve applications for approvals such as use s, special use s, conditional use s, wetland s, or variances (among others), and decisions pertaining to the regulation of wireless facilities are no exception, especially in view of the fact that the law pertaining to wireless facilities is constantly evolving, with new case decisions and new FCC interpretations being rendered and/or handed-down on a continuing basis.

The Firm has disclosed and reaffirms herein to the Client that none of the attorneys within the Firm are admitted to the Bar of the State of New Jersey. As such, the Firm recommends that any code provisions it drafts under the terms of this Agreement be submitted for review by an attorney admitted in the State of New Jersey before the County moves to adopt same.

EXHIBIT A

Any consulting services for drafting a new wireless ordinance to be provided under this Agreement shall be provided exclusively within the State of New York, where the attorneys within the Firm are duly authorized to practice law. The services to be provided under this Agreement are intended to be limited to those set under the New Jersey Rules of Professional Conduct, including but not limited to Rule 5.5(d), which pertains to multijurisdictional practitioners.

The Firm does not maintain, and shall not maintain or establish, even temporarily, any office or operations within the State of New Jersey.

The Client understands and agrees that in the absence of being granted *pro hac vice* admission to a Court situated within the State of New Jersey, nothing within this retainer agreement shall require the Firm to provide any services, *whatsoever*, within the State of New Jersey, including but not limited to, appearing before any court or government body, including but not limited to any planning or zoning commission, the filing of any pleadings or papers, of any type, in New Jersey, or meeting with the Client or any of its representatives, in New Jersey.

Litigation Services

If the Client requests that the Firm also provide litigation services, the Client understands and agrees that the Firm would be required to apply for, and obtain, *pro hac vice* admission to any respective federal or state court in the State of New Jersey. The specific litigation services contemplated under this Agreement would consist of legal services to commence or defend federal or state litigation concerning the proposed cell tower and/or wireless facility installations described hereinabove.

More specifically, the Client may elect to request the Firm to provide services to defend the County in a potential lawsuit by Verizon, which Verizon may potentially commence in a United States District Court in New Jersey, to raise claims that one or more zoning denials by the County violated the Telecommunications Act of 1996.

The Client may also elect to request the Firm to represent the County in seeking to vacate, or in the defense of any action relating to, a Consent Judgment and Settlement Agreement which purports to apply to such proposed installations, in a case entitled Cellco Partnership d/b/a Verizon Wireless v. The Borough of Belmar, et al, Civ. No. 3:21-cv-11016-MAS-DEA, brought in the United States District Court for the District of New Jersey and So Ordered on September 8, 2022 by the Honorable Michael A. Shipp, U.S.D.J.

If the Client requests litigation services in either and/or both such matters, all of the Firm's litigation services will end, unless otherwise agreed upon in writing and signed by the

EXHIBIT A

Client and the Firm, when there is a final agreement, settlement, decision or judgment by the Court within the context of such matter or matters.

Not included within the scope of the Firm's representation is the commencement and/or pursuit of any litigation or appeals of any type. Litigation and appeals are subject to separate discussion and negotiation between the Client and the Firm. Also not included in the scope of this Agreement are services the Client may request of us in connection with any other matter, action, or proceeding.

FEES, EXPENSES, AND BILLING PRACTICE

Fees for Drafting Services

In consideration for the drafting services to be provided by the Firm, the Clients, by their authorized representative who executes this Agreement hereinbelow, hereby agree to pay the Firm a flat fee of eight thousand five hundred (\$8,500) dollars to draft such Code provisions.

The fee set forth hereinabove shall become due and payable to the Firm upon the Firm providing a complete initial draft of a new zoning provision to the County.

In addition to providing such drafting services, the Firm shall provide up to three (3) hours of free consulting services to answer any questions County representatives may possess regarding the new code provisions that the Firm drafts for the County and how any relevant County Commission, Boards, or Department should apply it.

If the County desires more than three (3) hours of additional consulting services, the Firm shall provide additional consulting services at the billable rate of \$350.00 per hour.

Fees for Litigation Services

In consideration for the litigation services to be rendered by the Firm, the Client hereby agrees to pay the Firm hourly time charges at the following rates:

\$ 350 per hour for the services of the Firm's principal Andrew J. Campanelli;
\$ 350 per hour for the services of the Firm's Associate Attorneys;
\$ 100 per hour for the services of legal support staff, such as paralegals, legal research interns, and other support personnel who provide services that are reasonably necessary but which are being performed by support personnel, as opposed to an attorney, to reduce the costs being incurred by the Client.

EXHIBIT A

The Client agrees to pay an initial retainer of \$3,500 for such hourly fees and expenses.

The Client is responsible for promptly paying all services and expenses and will receive monthly invoices itemizing the services provided and expenses incurred by the Firm. The invoices are payable within 15 days of receipt. Invoices 30 days past due will bear an interest charge of 1.5 % per month.

If the Client fails to pay any portion of a monthly invoice, the Firm shall have the right, and the Client hereby consents to, the Firm's withdrawal as counsel.

It is understood that it is impossible to predict how long a case will take, how much it will cost, or the resulting outcome. The Firm does not make and has not made any guarantees to the Client about the length or expense of the Client's case or the outcome.

CONFLICT OF INTEREST WAIVER

It is understood by the Client that the Firm represents Sepandar Kamvar and other residents in their opposition to the cell towers proposed to be installed in the County right(s)-of-way along Ocean Avenue in Belmar, New Jersey, in particular with respect to those seven (7) cell towers proposed to be installed by Verizon at or across from 205 Ocean Avenue through 1501 Ocean Avenue. In connection with said opposition, the Firm prepared a Brief to be submitted, by the residents, to Verizon's attorney as well as the County.

The Client waives any conflict of interest which may arise as the result of the representation of Sepandar Kamvar and other residents, and the representation of the County of Monmouth.

ARBITRATION

The representative of the Client understands that the County, as the Client, shall have the right to arbitration of any fee dispute which may arise under this, pursuant to Part 137 of the Rules of the Chief Administrator of the New York State Courts, a copy of which will be provided to the Client upon request.

WHEREAS, the BOROUGH recognizes that Small Wireless Facilities often are most effectively deployed in public rights-of-way; and

WHEREAS, multiple installations of Small Wireless Facilities within the public right-of-way can impact property values, create traffic and pedestrian safety hazards, impact shade trees where proximity conflicts may require trimming of branches or require removal of roots and create visual and aesthetic blights all of which can negatively impact the quality and character of life within the Borough; and

WHEREAS, the BOROUGH wishes to preserve the aesthetics of the community by encouraging the location of SG equipment on existing or previously approved infrastructure; and

WHEREAS, a September 2018 Ruling and Order of the Federal Communications Commission ("FCC") provides that all local jurisdictions must comply with various restrictions on the exercise of local aesthetic, zoning, public works and fees when dealing with Small Wireless Facility installation siting applications by the effective date of the Order which was January 14, 2019. The FCC Order further provided that all local agencies should be capable of fully implementing its provisions within 180 days of its adoption which was on September 26, 2018. The Order also includes modifications to "shot clocks" which require local governments to approve or deny applications within certain expedited periods of time; and

WHEREAS, the BOROUGH needs to amend its ordinances to address the legal and practical issues that arise in connection with multiple Small Wireless Facility installations deployed in the public rights-of-way; and

9. The Applicant shall certify that it will take down and remove from any pole or other structure any equipment or wires that are deactivated and no longer working.
10. The Applicant shall certify that the location of all poles will be no closer than five-hundred (500) feet apart. Should a carrier successfully scientifically demonstrate that acceptable coverage cannot be achieved with 500 feet spacing, such carrier may make an application for a waiver.
11. The Applicant shall certify the location and number of internal housing units needed for their poles in the Borough of Sea Bright. All poles shall have the capability to house three (3) carriers within one pole at the time of installation.

175-5. Procedure on Application; No Exclusive Rights.

- A. The Borough shall review the application for a Small Wireless Facility siting in light of its conformity with the provisions of this Ordinance, and shall approve a siting on nondiscriminatory terms and conditions subject to the following requirements:
 1. Within thirty (30) days of receiving an Application, the Borough Clerk shall determine and notify the Applicant:
 - a. Whether the Application is complete;
 - b. If the Application is incomplete, what specific information is missing; and

EXHIBIT B

- c. Whether the deployment of the Small Wireless Facilities as proposed requires the Applicant to apply for other s, such as a street opening or construction , for which the Applicant has not yet applied. No Small Wireless Facility siting application shall be deemed complete until the Applicant has applied for all other s and approvals required by all other laws and regulations that are applicable to the Applicant's proposed Small Wireless Facility deployment.
- B. The Borough shall make its final decision to approve or deny the Application within the following timeframes:
 - a. Sixty (60) days from the submission of a complete application to install a Small Wireless Facility upon one or more existing structures.
 - b. Ninety (90) days from the submission of a complete application to install a Small Wireless Facility upon one or more new structures.
 - c. Ninety (90) days from the submission of a complete batched application to install Small Wireless Facilities upon both existing and new structures.

The timeframes described above by which an application shall be either approved or denied may be extended by mutual consent of the Applicant and Borough. Such consent shall be set forth on a form for such purposes which shall be available from the Office of the Borough Clerk. Such consent on behalf of the Borough shall be exercised by the Mayor in his/her reasonable discretion.

- C. The Borough Clerk shall notify the Applicant in writing of the final decision, and if the Application is denied it shall specify the basis for denial and Cite such specific provisions, as to why the Application was denied.
- D. Notwithstanding an initial denial, the Applicant may cure any deficiencies identified by the Borough within thirty (30) days of the denial without paying an additional application fee, provided the Borough Clerk shall approve or deny the revised application within thirty (30) days of receipt of the amended application. Any denial shall be limited to the deficiencies specified in the original notice of denial.
- E. If the Borough fails to act upon an application within the timeframes prescribed by this section, the Applicant may provide written notice to the Borough that the application review and decision period has lapsed. Upon receipt of such notice, Borough Council, by resolution adopted no later than its second regularly scheduled public meeting next following receipt of the notice, shall either deny the application or direct that the siting shall be approved and issued. Nothing in this paragraph is intended in any way to impact any other right or remedy that may be available to the Applicant under applicable federal or state law if the Borough fails to act upon an application within the timeframes prescribed by this section.

EXHIBIT B

- F. A siting from the Borough authorizes an Applicant to undertake only certain activities in accordance with this ordinance. No approval or consent granted, or siting issued, pursuant to this ordinance shall confer any exclusive right, privilege, license or franchise to occupy or use any public right-of-way within the Borough of Sea Bright for the delivery of telecommunications services or for any other purpose.
